KEY FEATURES AND BENEFITS

COMPACT AND ERGONOMICALLY DESIGNED

Designed to be held comfortably, the channel knob is replaced by an easy to use navigation button that allows you to quickly scroll through the user channels.

LARGE 8-DIGIT ALPHA-NUMERIC & ICONIC DISPLAY

The large alphanumeric display allows easy readability of text and number displays such as channel alias and frequency number. Icons such as the battery and signal strength indicators also enable users to determine the radio's operating performance instantly.

PRIME CHANNEL

Motorola CB PRO allows users the flexibility to set their frequently used channel as their prime channel. They can now access to other channels and return to their prime channel instantly at the push of the function button.

SQUELCH LEVEL SETTING

Depending on your operation preferences, you have the flexibility to program the squelch level setting to eliminate unwanted signals and noise to improve audio clarity.

SCANNING

Allows users to monitor activities on different communication channels so that messages will not be missed.

NUISANCE CHANNEL DELETE

This feature allows users to temporarily remove unwanted calls in the scan list, enhancing the radio's operational efficiency.

KEYPAD LOCK

Allows users the flexibility to lock and unlock the keypad to avoid accidentally disturbing of the radio setting.

ENHANCE YOUR RADIO CAPABILITIES

There is a wide range of accessories available with the Motorola Walka Talka to suit your needs.

Adding genuine Motorola headsets, microphones, battery, charger or carrying cases can enhance your operational productivity. Motorola's accessories are built to high quality standards and are specially engineered to ensure maximum performance of your radio, no matter what business you are in.

In addition the CB PRO also comes with:

- 40 CB Channels including 8 Repeater Channels
- Seven Pre-programmed Functions
- Priority Scan
- Tight/Normal Squelch
- Battery Gauge
- Time-Out Timer
